

18th August 1930.

Mr. Paul F. Myers,
Williams, Myers and Quiggle,
Munsey Building,
WASHINGTON, D.C.
U.S.A.,

Dear Paul,

I cannot tell you how glad we were to have you and Mae visit us at Magog. The whole trouble was that it was so short a stay that you doubtless left in a sort of breathless state. I wonder what your reaction to the possibility of coming to Magog will be after returning to Washington. If you wanted to do the minimum it seems to me quite possible that you could have a very simple cottage furnished in a very rough fashion that could lie idle excepting for a few weeks each summer. Or you might like to fix over the cottage that is already down on the lake-shore.

If it is not too much trouble I wonder if you will let me know about income-tax deduction for Americans who give to a foundation incorporated in Canada. The foundation is of course for research, and whether or not in your opinion it would be better to incorporate the foundation in the state of New York. We will want to incorporate before very long and there is no one as well able to give me an opinion on this as yourself.

I am back at Montreal, hard at it, and planning to go to Winnipeg at the end of the week. I see no reason why you and Mae should not come up again this fall to make us a less hurried visit. Please give her my love.

Sincerely yours,
