

17th October 1929.

Paul F. Meyers, Esq.,
~~Mansey Building,~~
~~Washington, D.C.~~

102, East Westcott
Chevy Chase, Maryland,

Dear Paul,

I am sorry that the plans for the last week end fell through, but if there is any chance of getting you and Mae up here we want to make one more effort. I am going West on Saturday but can reach Montreal the following Sunday morning early, that is, I can be back in Montreal on the morning of the 27th. If you and Mae could take the night train from New York, reaching Montreal Sunday morning, the four of us would go out by machine down to the Lake and come back on Monday. Please let me know by wire whether or not you want to do this.

The farm next to us, which shares our beach with us, is being investigated by a man from Montreal. We ^{have found} will find out a little more about it. It contains 280 acres and is being sold for \$6,500.00. I know that you are not yet interested in this but I should love to have you see it in any case, and we want you to see our farm. If you will let me know by wire whether or not you can make it I will know whether or not to get back on Sunday morning to Montreal.

With love from both of us to you and Mae,

Yours sincerely,

WGP/HL
