Re: Wilder Graves Penfield  
Docket No. 4147

This will acknowledge receipt of your notice, dated March 26th, addressed to Wilder Graves Penfield in our care, and relating to the statutory prohibition and regulation of attorneys' fees. I would like to advise you, as a matter of record, that Dr. Penfield is a personal friend of mine and any service that I or my firm rendered him in connection with this matter was rendered in the spirit of friendship, and inasmuch as the award was not as large as we believed the case merited, we have decided, and have so advised Dr. Penfield, that there will be no charge whatever for our services. I have forwarded your notice, together with a copy of this letter to Dr. Penfield.

Respectfully,

PFM VB
