Dear Dr. MacKay,

I think that I could get up to Montreal next Friday morning, the third of February. Will you be free any time on Friday to talk to me? On the last trip there was so much happening that I did not have an opportunity to get down to the Montreal General Hospital and I should like very much to go down there with you, if you are going to be free. If this is not a good time please send me a wire.

Very sincerely yours,

Dr. Frederic MacKay,  
Montreal General Hospital,  
Montreal, Canada.
